

## Merrion Cricket Club

### Joining the Club: The Process

#### Guidance

---

##### First Step

Check out the Merrion CC website and then drop down to the club. There are people there who will explain how everything works and you can then decide if you want to join or not.

Assuming you do want to apply to join there are different membership packages to choose from. Once you have selected the one that best suits your needs you then go through the following steps.

##### Application Form

All new members must complete an Application Form.

Copies of the form can be obtained at the Club or downloaded for the club's website. Once completed and signed it should be handed in to the club or e/mailed to [sec.merrioncc@gmail.com](mailto:sec.merrioncc@gmail.com)

##### Annual Subscription

The annual membership subscription should accompany the application form. This can be paid online or directly at the club [cheque / credit card / cash at bar].

##### Temporary Membership

Once the membership subscription has been paid you are counted as a Temporary Member of the club and can use the facilities and, depending on the type of members you have taken out, play cricket.

##### Confirmation of Membership

It may take a short period to confirm membership – under the Club Rules this generally has to be done by the Management Committee. Once this has happened you will be notified.

##### Membership Card

Once you have been confirmed as a Member, you will be able to collect your Membership Card from the Club. The Membership Card can be used to make purchases at the bar at 'members rates'.

Members of the club entitled to attend the Annual General Meeting each year will be notified by e/mail. For further information, and to review the Club Rules, go to the Merrion CC website.
