

**Merrion Cricket Club**  
**Winter Activities**  
**2021 - 2022**

---

The Cricket Season is over but there will still be plenty going on in the club over the Winter.

Firstly we welcome Beechwood Football Club and Bootcamp Ireland back to Merrion where they use Anglesea Road for training and matches.

Spectators are due back for rugby matches at the Aviva Stadium and the RDS. We look forward to seeing our regulars return and this season they will be able book a parking space as well as partake of a drink before or after the match. Leroy's will also be providing food.

The club will be open at weekends for rugby matches and other functions. Members and guests will be able to avail of this to drop down for a drink or a bite to eat. Check out the website where we will update information regularly.

As the society and the economy open up, the club will be available to book for social and business events. Contact [clubmanager@merrioncricketclub.ie](mailto:clubmanager@merrioncricketclub.ie) for further details.

Don't forget our new practice area which is still available for members who want to do a bit of off-season training [weather permitting]. But it is already been used quite a bit so check times when it is available.

For the moment the pavilion remains closed and we will continue to provide outdoor hospitality [with the benefit of outdoor heaters]. But hopefully soon [from 22<sup>nd</sup> October] we will be able to make it back inside.

#### Upcoming Events in Club
